

## **Licensed Clinical Social Work:**

Part-Time (25K-30K with benefits)

CHARG Resource Center is a nonprofit mental health organization in the heart of Capitol Hill. We specialize in a community-based model of service, and we pride ourselves on maintaining a strong partnership model between consumer, clinician, and the community. CHARG operates two locations, one of which is a community mental health clinic, the other is a Drop-In program located a few blocks from the clinic.

CHARG Resource Center is looking for an energetic and engaged LCSW to join our clinical team! This licensed clinical social worker needs to have strong clinical and care management skills. Case load is very manageable, and the right person will help us grow our client population. Experience with various intervention strategies (CBT, solution focused, trauma-informed care, etc) as well as community navigation and ability to work in partnership with community-based resources is strongly preferred.

This position will report to the Executive Director, however will be required to have frequent collaboration with all members of the CHARG team. Good boundaries as well as effective communication skills are essential.

Compensation is competitive, and will be based on experience, skill set, and enthusiasm to help CHARG grow and stand out as a provider of choice. Additionally, due to the COVID19 pandemic, knowledge and use of tele-video interfaces for interview purposes as well as for clinical contact and intervention strategies is essential.

### **Requirements:**

Social work license in the State of Colorado - LCSW

Interest in working within a Community partnership model.

Experience establishing and growing Group therapy models of intervention

Experience with case (or care) management

Experience and knowledge in working with clients managing chronic mental illness including (but not exclusive to): Schizophrenia; Major Depression; Bipolar Disorder; Anxiety; and **Trauma**

Great interpersonal skills: friendly, warm, and supportive

Establish and maintain boundaries

Can work independently / remotely as needed

### **Preferred abilities:**

Bilingual

Experience with individuals managing various personality and interpersonal challenges

Experience in specific models of intervention (examples - CBT; Motivational Interviewing; Solution-focused)

Experience and knowledge working with individuals who have comorbid substance use disorders.

CHARG Resource Center is an equal opportunity employer, and we strongly encourage applicants with diverse cultural, ethnic, and/or sexual orientation backgrounds.

Competitive compensation at an hourly rate with the potential to work into a part or full-time position which would include additional benefits relative to the position.

Please email your letter of interest and resume, attention Dr. Todd Helvig, to [todd@charg.org](mailto:todd@charg.org).
